

OAK PARK & RIVER FOREST HIGH SCHOOL

Web Application Request Form

Complete this form for all Web Applications which may require a download, audio or video plug-in or similar application.

Faculty may request that web application software be checked to verify that it will work in our network environment. Very often applications work at home that have problems in the school because of serious network security concerns. If you want to be certain that a web application will run at school, complete the form below and return it to the Helpdesk in Room 372 (TLC).

Return this form to: Network Technology Helpdesk in Room 372 (TLC)
